Federal Communications Commission  
Office of Secretary

**APPLICATION—  
STREAMLINED PROCESSING REQUESTED**

Pursuant to the Cable Landing License Act and Section 1.767 of the Commission's rules, Leucadia National Corporation ("Leucadia," FRN No. 0006929319), and Level 3 Communications, LLC ("Level 3," FRN No. 0008085136), request that the Commission consent to the transfer of control to Level 3 of the jointly-held cable landing license of WilTel Communications, LLC ("WilTel," FRN No. 0003716511) (collectively with Leucadia and Level 3, "Applicants"), for the China-U.S. Cable Network ("CUSCN").<sup>1</sup> Level 3 and its affiliates have

<sup>1</sup> See "An act relating to the Landing and Operation of Submarine Cables in the United States," codified at 47 U.S.C. §§ 34-39 ("Cable Landing License Act"); Executive Order No. 10,530, codified at 3 C.F.R. 189 (1954-1958), reprinted in 3 U.S.C. § 301 app. (1988); 47 C.F.R. § 1.767; *AT&T Corp. et al., Cable Landing License*, FCC File No. SCL-LIC-19980309-00005, 13 FCC Rcd. 16,232 (Int'l Bur. 1998) ("*CUSCN License*").

entered into an agreement with Leucadia and its affiliates to acquire substantially all of the telecommunications businesses of WilTel by purchasing all of the outstanding shares of WilTel's immediate parent company, WilTel Communications Group, Inc. ("WCG") (collectively, "Proposed Transaction").<sup>2</sup> This consolidated application qualifies for presumptive streamlined processing under Section 1.767(k)(2) of the Commission's rules, and the Applicants therefore request such streamlined processing.<sup>3</sup>

Commission consent for this transfer will serve the public interest and poses no competitive or other public interest concerns. Applicants request streamlined processing for this application, as neither Level 3 nor any of its affiliates is a foreign carrier with market power in China, the destination markets served by the CUSCN.

Part I of this application describes the Applicants and the Proposed Transaction. Part II provides the information required of the Applicants by Section 1.767 of the Commission's rules. In part III, the Applicants explain how this application qualifies for streamlined processing.

## **I. BACKGROUND**

### **A. Parties to the Proposed Transaction**

***Leucadia National Corporation:*** Leucadia is a New York corporation operating as a holding company engaged in telecommunications, banking and lending, and other businesses. Leucadia's shares are publicly traded on the New York Stock Exchange. It is the ultimate sole owner of WCG and WilTel.

---

<sup>2</sup> Concurrent with this application, the Applicants have applied for Commission consent to transfer to Level 3 WilTel's international Section 214 authorization and domestic common-carrier transmission lines, as well as the international Section 214 authorization, terrestrial wireless licenses, and satellite earth station authorizations of WilTel's subsidiary, Vyvx, LLC ("Vyvx").

<sup>3</sup> See 47 C.F.R. § 1.767(k)(2).

***WilTel Communications Group, LLC:*** WCG is a Nevada limited-liability company that acts as a holding company engaged in the business of telecommunications. WCG is an indirect wholly-owned subsidiary of Leucadia.

***WilTel Communications, LLC:*** WilTel is a Delaware limited-liability company headquartered in Tulsa, Oklahoma, and the wholly-owned, operating subsidiary of WCG. WilTel is a leading provider of customized communications services—including voice, data, and IP-based services—for enterprise and carrier customers. WilTel operates or manages a next-generation fiber-optic network connecting more than 125 cities in the United States and extending internationally to Europe, Mexico, and the Pacific Rim. WilTel is a non-dominant carrier that holds authority to provide intrastate interexchange telecommunications services in all 50 states and competitive local exchange telecommunications services in fewer than five states. WilTel holds a single international Section 214 authorization granted by the Commission.<sup>4</sup> WilTel also holds a joint interest in the cable landing license for the CUSCN, which it seeks to

transfer to Level 3.<sup>5</sup> WilTel also holds a joint interest in the cable landing license for the Japan-U.S.-Cable Network (“JUSCN”), which it seeks to relinquish.<sup>6</sup>

**Level 3 Communications, LLC:** Level 3 is a Delaware limited-liability company headquartered in Broomfield, Colorado, and engages in the provision of domestic and international communications and information services. Level 3 is an indirect, wholly-owned subsidiary of Level 3 Communications, Inc., a Delaware corporation headquartered in Broomfield, Colorado, and a global communications and information services company that offers a wide range of communications services over its 23,000 mile broadband fiber optic network, including IP-based services, broadband transport, collocation services, and patented Softswitch-based managed modem and voice services. Level 3 Communications, Inc., is a publicly traded company listed on NASDAQ (symbol: LVLT).

<sup>5</sup> See *Actions Taken Under the Cable Landing License Act, Public Notice*, 18 FCC Rcd. 22,116 (Int’l Bur. 2003) (“*WilTel-Leucadia*”) (consenting to the transfer of control of WilTel’s jointly-held CUSCN cable landing license from the shareholders of WCG to Leucadia); *Actions Taken Under the Cable Landing License Act, Public Notice*, 17 FCC Rcd 23,808 (Int’l Bur. 2002) (granting *nunc pro tunc* authority for *pro forma* transfer of control of the jointly-held CUSCN cable landing license held by Williams Communications, LLC (“WCL”), from Williams Communications Group, Inc. (“Williams”) to Williams Communications Group, Inc., Debtor-in-Possession (“Williams-DIP”), and granting authority to transfer control of WCL’s jointly-held CUSCN cable landing license from Williams-DIP to WCG); *International Authorizations Granted, Public Notice*, 16 FCC Rcd. 9834 (Int’l Bur. 2001) (consenting to the *pro forma* transfer of control of WCL’s jointly-held CUSCN cable landing license from The Williams Companies to its shareholders); *Williams Communications, Inc., et. al, Memorandum Opinion and Order*, 15 FCC Rcd. 19,610 (2000) (granting consent to transfer control of the jointly-held CUSCN cable landing license held by SBCI-Pacific Networks, Inc., to Williams Communications, Inc.). WCL was renamed WilTel in 2003.

<sup>6</sup> See *AT&T Corp. et al, Cable Landing License*, FCC File No. SCL-LIC-19981117-00025, 14 FCC Rcd. 13,066 (1999) (“*JUSCN License*”). On October 20, 2005, WilTel applied for Commission consent to modify the cable landing license for the JUSCN and to relinquish WilTel’s joint interest in that license, as WilTel holds equity and voting interests of less than 5 percent in the JUSCN and does not own or control a JUSCN cable station. See 47 C.F.R. §§ 1.767(h) (requiring only that parties owning or controlling a 5-percent-or-greater equity interest in an undersea cable system or owning or controlling a cable station need be cable landing licensees), (m)(2) (specifying relinquishment procedures).

## **B. The Proposed Transaction**

On October 30, 2005, Leucadia and its affiliates and Level 3 and its affiliates entered into a Stock Purchase Agreement (“Agreement”) to allow Level 3 to acquire all of the outstanding shares of WCG and, therefore, therefore, control of WilTel and its Vyvx subsidiary, including: (1) WilTel’s joint interest in the cable landing license for the China-U.S. Cable Network; (2) WilTel’s international Section 214 authorization for global facilities-based and global resale services; (3) WilTel’s foreign subsidiaries in Canada, Japan, the Netherlands, and the United Kingdom; (4) WilTel’s domestic common carrier transmission lines; (5) Vyvx’s international Section 214 authorization; (6) Vyvx’s satellite earth station authorizations; and (7) Vyvx’s terrestrial wireless licenses.<sup>7</sup>

Level 3’s acquisition of WilTel will strengthen and expand Level 3’s customer service offerings and networks. The acquisition also will allow Level 3 to compete more effectively with its competitors. The Proposed Transaction raises no competition issues. Level 3 will gain a new but small interest in the CUSCN which will not provide Level 3 with any competitive leverage within the consortium-based CUSCN or on the U.S.-China route. Accordingly, approval of this transfer application will serve the public interest, convenience, and necessity.
