TAI is an indirect wholly-owned subsidiary of TIHL, a Bermuda company headquartered in Hamilton, Bermuda. VSNL Bermuda Telco is a newly-formed Bermuda company that was created to amalgamate

with TIHL. VSNL Bermuda Telco does not have any telecommunications operations or assets in the United States. Videsh Sanchar Nigam Limited (“VSNL”), the parent company of VSNL Bermuda Telco, is a limited company organized under the laws of India. VSNL is the principal provider of public international telecommunications services and a major provider of Internet, wireless and other telecommunications services in India through satellite, terrestrial and undersea cable links. VSNL provides undersea cable facilities in India, North America, Europe and Southeast Asia through its subsidiaries. In the U.S., VSNL provides IP Virtual Private Network services, international private line services, and international wholesale voice termination services through its VSNL America, Inc. subsidiary (“VAI”). VSNL operates the TGN Atlantic and TGN Pacific non-common carrier cable systems through its subsidiary VSNL telecommunications (US) Inc. (“VSNL US”).

Under the terms of the Agreement and Plan of Amalgamation, dated July 25, 2005, entered into by TIHL, VSNL, and VSNL Bermuda Telco, TIHL and VSNL Bermuda Telco will amalgamate, and TIHL will cease to exist as a separate publicly held company. The combined company, VSNL Bermuda Telco, will be a privately held, direct wholly-owned subsidiary of VSNL. As a result of the amalgamation, VSNL Bermuda Telco will have an indirect controlling interest in TAI.
