about this guide

Oceans Digital TV is pleased to bring you even more digital excitement. Only digital television can offer our expanded channel options! Oceans Digital TV is designed to help you find what you want quickly and conveniently. Now, you'll find network channels altogether on channels 206 through 219. News and information channels are on channels 400 to 420. So, now when you are following a news story from channel to channel, you simply move up and down within that category, rather than having to search around the line-up.

This Oceans channel guide has been designed to help you find your channels in three different ways:

- By category
- By package
- And in alphabetical order

Our category quick start guide will help you quickly navigate between categories by simply entering a channel number, making your surfing experience as easy as possible.

Cable Bahamas' SuperBasic package is an exciting and essential part of Oceans 125. You will find the complete SuperBasic line-up included in this guide to serve as a reference point for other rooms in the household that may not yet have a digital set-top box attached.

You will discover that the SuperBasic channels have been duplicated on our Oceans digital line-up, again creating a convenient category grouping that'll make finding your favourite programming a breeze. Oceans Digital TV is all about choice and convenience, and the more you use it the more you will discover how Oceans delivers on that promise.

Thank you for choosing Oceans Digital TV!
