JOINT APPLICATION FOR ASSIGNMENT OF INTEREST IN A SUBMARINE CABLE LANDING LICENSE- STREAMLINED PROCESSING REQUESTED

Primus Telecommunications, Inc. (“PTI” or “Licensee”) along with its ultimate parent company, Primus Telecommunications Group, Incorporated, Debtor-in-Possession (“PTGI”; together with PTI, “Applicants”), through undersigned counsel and pursuant to an Act Relating to the Landing and Operation of Submarine Cables in the United States, 47 U.S.C. §§ 34-39 (1994), Executive Order No. 10530, and Section 1.767 of the Commission’s Rules, 47 C.F.R. § 1.767, respectfully request that the Commission, to the extent that it deems that an indirect transfer of control of Licensee will occur and such authority is necessary, grant requisite authority in connection with a planned consensual financial restructuring (“Restructuring”) of PTGI under Chapter 11 of the Bankruptcy Code. Pursuant to the Restructuring, it is contemplated that approximately \$315 million, or over 50%, of the outstanding principal debt obligations of PTGI and affiliated non-operating holding companies, including Primus

Telecommunications Holding, Inc. (“PTHI”), will be reduced.¹ In addition, interest payments will be reduced by over 50% and certain debt maturities will be extended. The combination of these outcomes will dramatically improve the liquidity of the affected entities.

Currently, equity ownership of PTGI is widely dispersed so that no entity wields legal (*de jure*) or actual (*de facto*) control of PTGI. At the completion of the Restructuring, Applicants do not expect that any single entity or group of entities will obtain or hold a majority interest or the ability to exercise actual working control in PTGI (or, indirectly, in the Licensee).² This purely financial Restructuring, in which the existing equity in PTGI will be extinguished and certain note holders will exchange their debt for equity in the restructured PTGI, will enable the Licensee’s current operations to continue without interruption or any changes to the rates, terms and conditions of the services that their customers currently receive. The Restructuring only involves non-operating holding companies and will therefore be entirely transparent with respect to services provided to the Licensee’s customers.

The Applicants respectfully request streamlined, expedited treatment of this Application pursuant to Section 1.767(j) and (k) of the Commission’s Rules, 47 C.F.R. § 1.767(j) and (k). This Application qualifies for streamlined treatment because none of the Applicants is affiliated with any foreign telecommunications carriers, and none of the scenarios outlined in Section 63.12(c)(2)-(4) of the Commission’s Rules applies.

¹ On April 14, 2009, Applicants notified the Commission that PTGI, the ultimate parent of Licensee, and PTHI, the direct parent of PTI, each filed a petition with the United States Bankruptcy Court for the District of Delaware to reorganize under Chapter 11. The Chapter 11 cases are being jointly administered under the caption *In Re: Primus Telecommunications Group, Incorporated, et al., Debtors* Case No. 09-10867 (KG).

² The precise distribution of equity ownership of PTGI will not be known until PTGI emerges from bankruptcy. Upon emergence, the new equity will be predominantly owned by note holders who will exchange their debt for stock.

I. DESCRIPTION OF APPLICANT PRIMUS TELECOMMUNICATIONS, INC.

Primus Telecommunications, Inc. (“PTI”) is a corporation organized pursuant to the laws of the State of Delaware and maintains its principal offices at 7901 Jones Branch Drive, Suite 900, McLean, Virginia 22102. PTI is authorized to provide interexchange telecommunications services in 49 states and the District of Columbia pursuant to certification, registration or tariff requirements, or on a deregulated basis. In addition, PTI holds competitive local exchange carrier authority in 8 states and the Commonwealth of Puerto Rico. PTI is also authorized by the Commission to provide interstate and international services as a non-dominant carrier.

II. DESCRIPTION OF THE TRANSACTION

On March 16, 2009, PTGI and certain of its non-operating holding company affiliates (not including Licensee) filed petitions with the Bankruptcy Court to reorganize under Chapter 11 (hereinafter, PTGI and the other Debtors will be referred to as the “Debtors”).³ The Debtors, along with certain secured creditors and note holders, have agreed on a proposed Plan, which, among other things, will materially improve the capital structure and liquidity of the company in order to ensure that its operating subsidiaries, including the Licensee, will have access to sufficient financial resources needed to meet their working capital, debt service and capital expenditure needs. The financial Restructuring and consummation of the Plan will allow the Debtors to emerge from bankruptcy and eliminate approximately \$315 million of debt. Among other things, the Plan provides that (1) the common stock now held by the equity holders of PTGI will be extinguished as of the effective date of the Plan and (2) certain note holders will receive substantially all the new common stock of the reorganized PTGI in exchange for releasing their claims. Currently, the equity ownership of PTGI (and, indirectly,

of Licensee) is widely held such that no entity wields legal, majority control or exercises actual working control over PTGI's voting stock. Following consummation of the Plan, it is expected that reorganized PTGI's equity will also be held by diverse and unaffiliated entities, such that after the Plan is consummated, no entity is expected to hold legal majority control or actual working control of PTGI's voting stock. Accordingly, Applicants respectfully request authority, to the extent required, to transfer indirect control of the Licensee in connection with a planned consensual Restructuring that will change the capital structure of PTGI.

Given that the proposed transaction only involves non-operating holding company entities, Licensee expects that the proposed transaction will be entirely transparent to its customers. The proposed transaction will not result in any transfer of Licensee's operating authority, change Licensee's managerial and technical capabilities to provide service, or change the day-to-day operations of the cable systems.

III. The Proposed Transaction Will Serve the Public Interest

Applicants submit that the financial Restructuring serves the public interest. In particular: (1) the Restructuring will enhance the financial strength of PTGI and therefore of Licensee and (2) the Restructuring will benefit competition in the federal telecommunications market by ensuring that Licensee remains a viable competitor.

The Restructuring is primarily related to the capital structure and ultimate ownership of PTGI and will not affect Licensee's operations. The company that emerges from bankruptcy will be much stronger financially with significantly reduced debt. In addition, PTGI's improved financial position is expected to benefit the operations of the Licensee. The continued vitality of PTGI and its operating companies after the completion of the bankruptcy

³ See Primus Telecommunications Group Incorporated, *et. al.*, Debtors, Case Nos. 09-10867 (KG) through 09-10970 (KG), U.S. Bankruptcy Court (DE filed Mar. 16, 2009).

will assure that the Licensee will be positioned to continue to offer competitive services to the ultimate benefit of consumers.

Moreover, the Restructuring will not adversely impact Licensee's customers because the Restructuring is not expected to adversely affect Licensee's managerial or technical capabilities or qualifications to provide service. Licensee's rates, terms and conditions of services will be unaffected by the Restructuring. Therefore, the Restructuring is expected to be transparent to the Licensee's customers.
