Re: SES-AFS-20080410-00448
Clarification Related to Orbital Longitude on Schedule S

Dear Ms. Dortch:

I am writing on behalf of Intelsat North America LLC to clarify an inadvertent typographical error in the above-referenced application with respect to the orbital longitude listed on Form 312, Schedule S8 on page 5 (Beam Diagrams) in column d.

The GSO Ref. Orbital Longitude (Deg. E/W) currently states the longitude as -98, which is a typographical error. It should be 143.5 E.L.

Please do not hesitate to contact the undersigned at 202-944-7848 with any questions about this matter.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Susan H. Crandall".

Susan H. Crandall
Assistant General Counsel
Intelsat Corporation
