Re: *VIZADA Services LLC (formerly FTMSC US, LLC), Amendments to Applications for Section 214 Authority and for Earth Station Licenses, Requests for Special Temporary Authority, and Petition for Declaratory Ruling*, File Nos. Supplemental Information Regarding Ownership

Dear Ms. Dortch:

MobSat S.A.S. ("MobSat"), by its attorneys and pursuant to Section 1.65 of the Commission's Rules, 47 C.F.R. § 1.65, hereby supplements the record in the above-referenced proceedings to provide updated information regarding the ownership of MobSat. Specifically, this submission provides information regarding (1) a recent *pro forma* restructuring of MobSat's ownership and (2) the ownership and control of MobSat Management Sarl ("MobSat Management"), a Luxembourg company that holds an indirect minority interest in MobSat.

Pro Forma Restructuring of MobSat Ownership

The ownership of MobSat was restructured slightly on September 5 concurrent with the acquisition by Inceptum 1 A.S. ("Inceptum") of Telenor Satellite Services A.S. ("TSS") and its subsidiaries. As a result of this restructuring, two intermediate companies have been introduced into the MobSat ownership chain: Inceptum and TSS, which has changed its name to Vizada A.S.

Specifically, MobSat Holding 1 B.V., a Netherlands holding company ("Holding 1"), which directly owned both MobSat and Inceptum, contributed 100% of the shares of MobSat to Inceptum. Inceptum in turn contributed the MobSat shares to TSS. Thus, MobSat is now a direct wholly-owned subsidiary of Vizada A.S. (formerly TSS), which in turn is a direct wholly-owned subsidiary of Inceptum. Inceptum is still directly owned by Holding 1, and

MobSat is now an indirect, rather than direct, wholly-owned subsidiary of Holding 1. Thus, this restructuring did not affect the ultimate ownership and control of MobSat. An updated ownership chart reflecting the current structure is attached hereto.

Ownership and Control of MobSat Management

As explained in the September 4 filing by MobSat and Inceptum,¹ MobSat Management was created for the purpose of providing individuals involved in the management of the Inceptum and MobSat group companies an investment vehicle. MobSat Management holds a 9.3% interest in MobSat Group Holding Sàrl (“MobSat Group Holding”), the indirect parent of MobSat and Inceptum.

Ownership of MobSat Management: Currently, the following parties own interests in MobSat Management:

Apax France VI FCPR (“Apax France”): 66.99%
Altamir Amboise SCA (“Altamir Amboise”): 26.05%
Bruno Ducharme: 6.95%

As discussed in the September 4 Letter, shares in MobSat Management are being made available for purchase by certain individuals involved in the management of the Inceptum and MobSat group companies. To date, none of these individuals has acquired any shares in MobSat Management, but these transactions are expected to take place in the near future.

Apax France is a French *Fonds Commun de Placements à Risques* (the equivalent of a venture capital fund), and Altamir Amboise is a French *Société en Commandite par Actions* (the equivalent of a limited partnership). Bruno Ducharme is a Canadian citizen. All of the individuals to whom shares in MobSat Management are being offered are citizens of one of the following WTO-member countries: Belgium, Denmark, France, the Netherlands, Norway, the United Kingdom, and the United States.

Control of MobSat Management: MobSat Management is a *société à responsabilité limitée* (the equivalent of a limited liability company) under Luxembourg law. A simple majority vote of the shareholders is required for decisions² with the following exceptions. A decision effecting a change in the articles of association requires the affirmative vote of three-quarters of the share capital including at least one of the Apax Funds (Apax France and Altamir Amboise). A decision to remove the company’s manager or to change the nationality of the company requires a unanimous vote of shareholders representing 100% of the company’s issued share capital.

¹ See Letter of Karis A. Hastings to Marlene H. Dortch, IB Dkt No. 06-225, File Nos. ITC-AMD-20060804-00288, *et al.*, dated September 4, 2007 (“September 4 Letter”).

² The first time a proposal comes before the shareholders for decision, it can be adopted only if approved by shareholders representing a majority of the share capital. However, the second time the proposal is before the shareholders, it can be adopted based on approval by shareholders representing a majority of the shares voting.

MobSat Management is managed by a *gérant unique* (sole manager), MobSat Gérance Sarl ("MobSat Gérance"), a Luxembourg *société à responsabilité limitée*. Apax France VI owns a 72% interest in MobSat Gérance, and Altamir Amboise owns the remaining 28% interest in the company. As noted above, MobSat Gérance can be removed as the manager of MobSat Management only by a unanimous vote of the shareholders of MobSat Management. Mr. Michael Collins, a U.K. citizen, is the sole manager of MobSat Gérance.

Five Factor Principal Place of Business Test: Information regarding the five factors considered by the Commission in determining an entity's principal place of business is provided below for MobSat Management:

1. Country of Organization: Luxembourg.
2. Nationality of Investment Principals, Officers and Directors: Shareholders are French entities and a Canadian individual; sole manager is a Luxembourg company that is in turn managed by a U.K. individual.
3. Location of World Headquarters: Registered office is in Luxembourg.
4. Location of Tangible Properties: N/A.
5. Location of Greatest Sales and/or Revenues: N/A. Holding company.
