Re: Ex Parte Notice -- Applications of Row 44, Inc. (Call Sign E080100; File Nos. SES-LIC-20080508-00570, SES-AMD-20080619-00826; SES-AMD-20080819-01074; SES-AMD-20080829-01117; SES-AMD-20090115-00041; and SES-STA-20080711-00928)

Dear Ms. Dortch:

This letter provides notice on behalf of Row 44, Inc. ("Row 44"), pursuant to Section 1.1206(b)(2) of the FCC's Rules, that on January 21, 2009, the undersigned counsel had a telephone conversation with Scott Kotler, Chief of the Systems Analysis Branch, Satellite Division, concerning the above-referenced applications. The supplemental coordination letters filed in File Number SES-AMD-20090115-00041 were discussed.

In particular, it was emphasized that Row 44 believes that its request for special temporary authority ("STA"), filed in July 2008 (File No. SES-STA-20080711-00928), should be processed and granted immediately, and independent of final action on the underlying application (FCC File No. SES-LIC-20080508-00570). Indeed, the two supplemental coordination letters make plain that the signatory satellite operators would like the operation outlined in the STA request to proceed as a means of confirming the conclusion that the proposed antenna will operate in compliance with the Commission's two-degree spacing requirements.

Counsel also confirmed that the supplemental coordination letters each contained clarifying information requested previously by the Satellite Division.

Should there be any questions regarding this matter, please contact the undersigned counsel.

Respectfully submitted,

A handwritten signature in blue ink, appearing to read 'David S. Kerr', is written over the typed name.

David S. Kerr
Counsel to Row 44, Inc.

cc: Scott Kotler
John Janka, Counsel to ViaSat
