Re: Erratum
LightSquared/integrated service
FCC File Nos. **SAT-MOD-20101118-00239 and SES-AMD-20101118-01452**

Dear Ms. Dortch:

On November 18, 2010, LightSquared Subsidiary LLC filed the above-referenced application and amendment providing an update of its plans for offering an integrated service consisting of mobile satellite service ("MSS") and MSS-ancillary terrestrial component service. This erratum makes a correction to the second to last line of the final paragraph on p. 6 of the letter narrative accompanying the filings. The capitalization in the figure "500 kb" is hereby corrected to read "500 kB."

Sincerely,

/ s /Jeffrey J. Carlisle
Executive Vice President
Regulatory Affairs and Public Policy
