SES-AMD-20150114-00008

Dear Ms. Dortch:

On April 21, 2015, I spoke via telephone with Jose Albuquerque, Chief of the International Bureau's Satellite Division, concerning one aspect of the Commission's order in the above-referenced proceeding.¹ I suggested, and Mr. Albuquerque agreed, that the Order does not address explicitly the treatment of new NGSO MSS feeder link earth stations operating in the 29.1-29.25 GHz band. I stated that Iridium may seek clarification on this point.

¹ *Order and Authorization and Declaratory Ruling*, DA 15-392 (Int'l Bur. and OET) (Mar. 30, 2015) (the "Order").

Please direct any questions regarding this filing to the undersigned.

Respectfully submitted,

/s/ Joseph A. Godles
Counsel for Iridium Satellite LLC
