Re: O3b Limited
 License Application - Form 312-Schedule B
File No. SES-LIC-20130528-00455

Dear Madame Secretary:

O3b Limited (“O3b”) hereby corrects an inadvertent omission on Form 312-Schedule B of the above-referenced License Application seeking authority to operate Earth Stations on Vessels (ESVs), submitted on May 28, 2013. O3b states in the Legal Narrative of the License Application that it requests authority for 100 Orb 1.2m antennas and 100 Orb 2.2m antennas; however, due to a clerical error, this figure was not reflected on the final Form 312-Schedule B as submitted for the Orb 2.2m antennas. As a result, O3b requests that the following administrative correction be made to Form 312-Schedule B of the above-referenced License Application:

- In the column titled E29 (Quantity), the number “100” should be inserted to the immediate right of the box containing the text “Orb 2.2” (as shown below).

ANTENNA						
Site ID	E28. Antenna Id	E29. Quantity	E30. Manufacturer	E31. Model	E32. Antenna Size<meters>	E41/42. Antenna GainTransmint and/or Recieve (___ dBi at ___ GHz)

						48.5 dBi at 29.1
	Orb2.2	100		AL-7107-Ka	2.2	48.4 dBi at 19.2
						54.5 dBi at 29.1

Please let us know if you have any questions.
