Re: FCC File Nos. SES-LIC-20140610-00469 and
SES-AMD-20140617-00525,
Application of Harris Corporation ("Harris") for a Fixed Earth
Station License ("Application")

Dear Ms. Dortch:

On October 10, 2014, Iridium Constellation LLC ("Iridium") filed a Petition to Dismiss ("Petition") the above-referenced Application filed by Harris. In the Application, the frequencies Harris proposed to use included the 29.25-29.3 GHz band. Iridium requested that the Application be dismissed as incomplete because it did not address the potential for Harris to cause unacceptable interference to Iridium's nongeostationary satellite orbit ("NGSO") feeder links and TT&C links in the 29.25-29.3 GHz band.

Ms. Marlene H. Dortch

Page 2

Harris subsequently amended its Application to delete frequencies in the 29.25-29.3 GHz band. In light of this amendment, Iridium hereby withdraws its Petition.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "J. Godles", with a stylized flourish at the end.

Joseph A. Godles
Attorney for *Iridium Constellation LLC*
