

## **Exhibit C**

### **FAA Notification Not Required**

Per 47 C.F.R. Ch. 1 §17.14(a) and 47 C.F.R. Ch. 1 §25.115(j), FAA notification is not required for this earth station antenna as the proposed antenna structure will be shielded by other structures located in the immediate vicinity of this structure.

For example, The Alaska Wireless Network, LLC has a 22.9m (AGL; 24.7m Overall Height AMSL) structure (Registration Number: 1295157; File Number: A0971729) within 0.1s latitude and 1.0s longitude of the structure associated with this application.
