

EXHIBIT 1

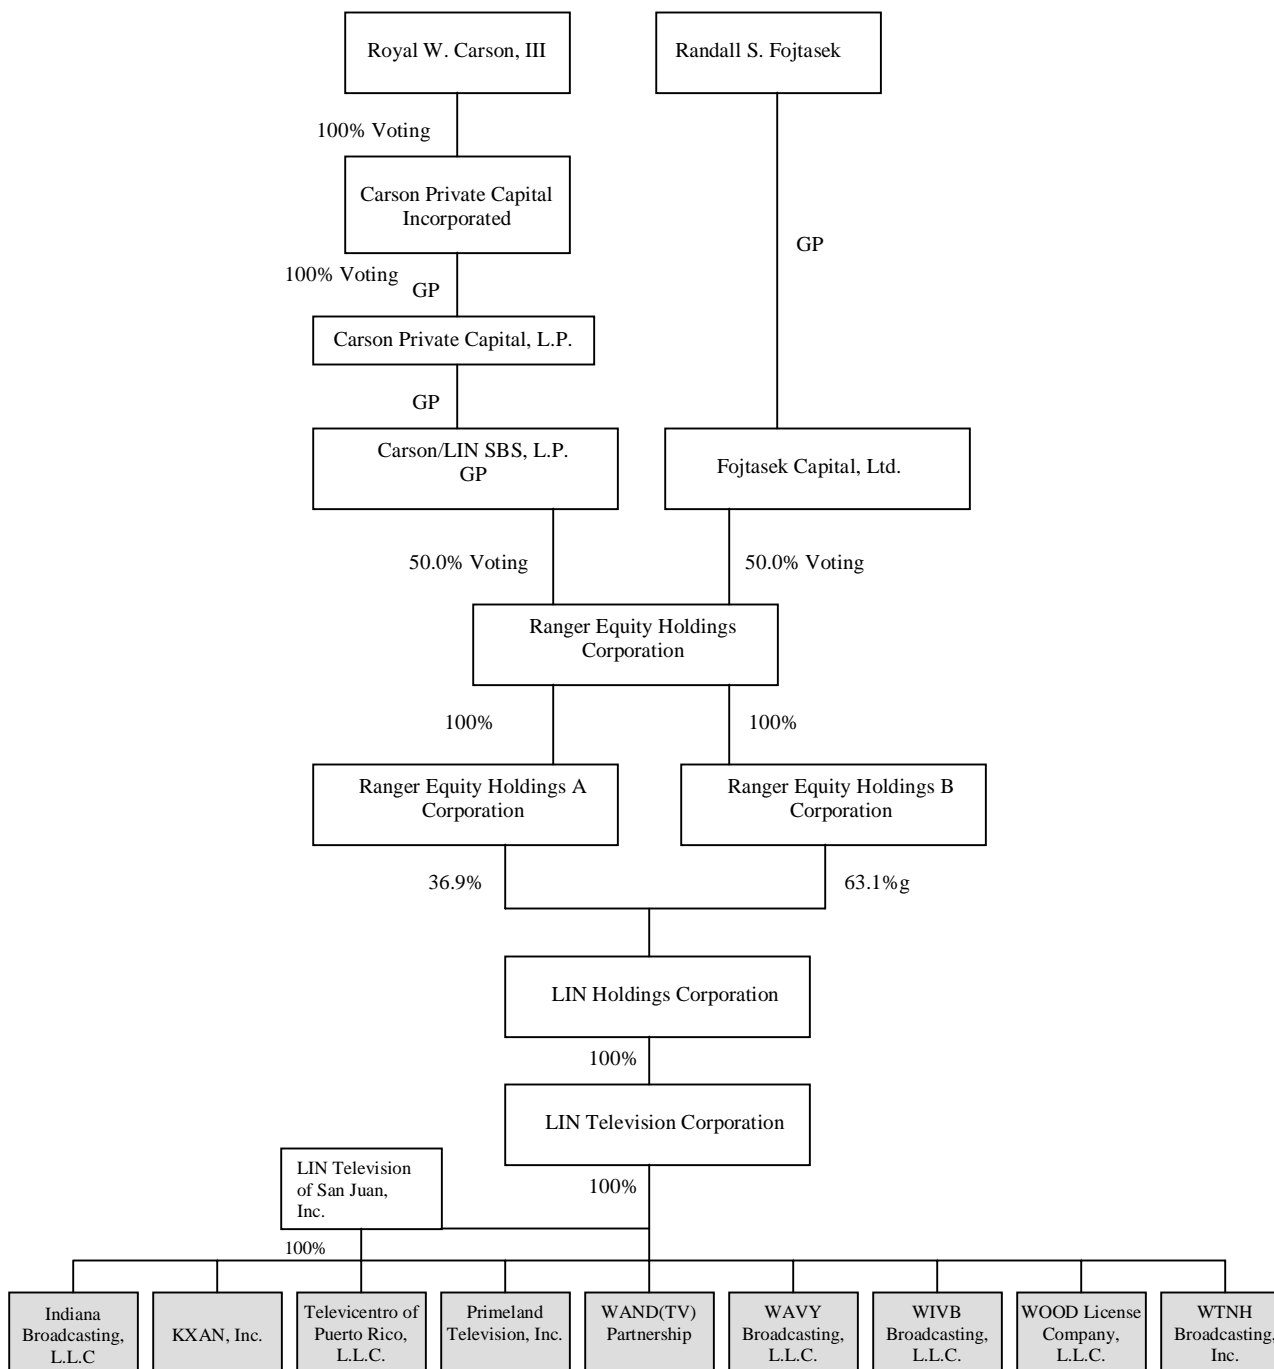

NOTICE OF CONSUMMATION

Pursuant to Section 25.131 of the Commission's rules, General Electric Capital Corporation ("GE Capital") hereby notifies the Commission of an assignment of the registration for Receive-Only Satellite Earth Station ("SES") (call sign: E900627) to Televiscentro of Puerto Rico, LLC ("Televiscentro"). The subject SES of this notification is used to receive programming for broadcast by WAPA-TV, located in San Juan, Puerto Rico. The assignee of the instant notification is the licensee of WAPA-TV. A transfer of control of Televiscentro from a wholly-owned subsidiary of GE Capital to LIN Television Corporation was consummated on October 1999 pursuant to prior Commission consent. In connection with that transfer of control, the registration for the SES was assigned to Televiscentro. Because the SES is a receive-only facility, prior FCC approval was not required.

Notifications of assignments of receive-only satellite earth stations are not subject to ownership disclosure requirements or public interest determinations. Nonetheless, an ownership structure chart showing the controlling interests in Televiscentro is included with this Exhibit.
