Re: FCC File No. SES-ASG-20051129-01652
Assignment of Earth Station E940509 from
J.A. Taylor & Associates to Central Satellite Service, L.L.C.
Amendment to Pending Assignment Application

Dear Ms. Dortch:

On behalf of Central Satellite Service, L.L.C.,¹ the proposed Assignee in the above-captioned application ("Assignee"), and pursuant to Section 1.65 of the Commission's rules, 47 C.F.R. § 1.65, the application is hereby amended as follows:

In response to Question A21 of the application, the following is submitted as Exhibit F:

"Assignee submits that a grant of this application will serve the public interest because it will allow Assignee to provide important breaking news, weather and other information for ultimate transmission to the viewing public. A denial of this application would disserve the public interest because it would result in a decrease in the number of live satellite transmission links available to cover important news and weather information, since the Assignor no longer wishes to use the earth station for such purposes."

An extra copy of this letter is enclosed. Please date-stamp the extra copy and return it to the courier.
