Re: ABC Radio Detroit, LLC
Satellite Earth Station E861076
IBFS File No. SES-ASG-20060301-00335
Notification of Partial Consummation

Dear Sir or Madam:

The above-captioned application ("Application") sought Federal Communications Commission ("Commission") consent to a two-step transaction involving satellite earth station E861076—a *pro forma* assignment followed by a substantial transfer of control of the new licensee. On behalf of the parties to the Application, we hereby notify the Commission that the step one *pro forma* assignment was consummated on September 28, 2006. Thus, the Licensee of E861076 now is Radio License Holding I, LLC. The parties will file a separate notice upon consummation of the step two transfer of control.¹

Please direct any questions regarding this matter to the undersigned.

Respectfully yours,

Tom W. Davidson, Esq.

¹ The consummation period for the Application was extended to October 13, 2006. On October 10, 2006, the parties filed a request for an additional extension of time to consummate. As set forth therein, an extension is necessary because the parties have not received consent from all Commission bureaus regarding step two of the transaction.
