**Re: SES-ASG-20061027-01904**

Dear Ms. Dortch:

On December 20, 2006, Loral Skynet Network Services, Inc., by its attorneys, filed a letter informing the Commission that it consummated the *pro forma* assignment of two VSAT licenses from Loral SpaceCom Corporation to Loral Skynet Network Services, Inc. on December 14, 2006, for which it received approval from the International Bureau on November 17, 2006.<sup>1</sup> That letter included one incorrect call sign for the assigned licenses. The correct call signs are E020101 and E030029.

If you have any questions concerning this submission, please contact Jennifer McCarthy at (202) 303-1145 or via e-mail at [jmccarthy@willkie.com](mailto:jmccarthy@willkie.com).

Respectfully submitted,

Jennifer D. McCarthy

<sup>1</sup> See Public Notice, Report No. SES-00881, File No. SES-ASG-20061027-01904 (rel. Dec. 13, 2006). The application erroneously appeared on Report No. SES-00874 as accepted for filing (rel. Nov. 22, 2006). The International Bureau staff determined that this application should have been on Report No. SES-00875, released November 22, 2006, as action taken. The staff further determined that, as a result, the effective grant date was November 17, 2006.
