Pro Forma Assignment of Earth Stations Licenses

Dear Ms. Dortch:

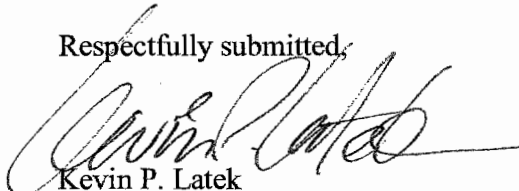

On behalf of Local TV, LLC, we hereby confirm a recent conversation with the Commission's International Bureau staff regarding the above-referenced *pro forma* assignment applications.

On January 18 and March 16, 2007, the International Bureau granted long-form applications for consent to assign the licenses subject to the above-referenced applications from New York Times Management Services to Local TV, LLC (FCC File Nos. SES-ASG-20070117-00122, SES-ASG-20070117-00123). The parties have not consummated that transaction. Subject to the grant of the above-referenced *pro forma* assignment applications, New York Times Management Services will assign the appropriate earth station licenses directly to the wholly owned license subsidiaries of Local TV, LLC specified in the pertinent *pro forma* assignment application. As such, the long-form and *pro forma* transactions effectively will occur simultaneously.

In addition, on March 16, 2007 the FCC's Media Bureau granted similar *pro forma* assignment applications for the broadcast television station licenses associated with these earth stations. (FCC File Nos. BALCT-20070309ADW; -20070309AES; -20070309AEV; -20070309AEW; 20070309AEX; -20070309AFJ; -20070309AFK and -20070309AFM.)

Please contact me with any questions about this filing.

Respectfully submitted,
