Subject: Consummation Notice not recorded in IBFS database
Attachments: Consummation Notice for AL to DIP entities.pdf

Good morning Ladies,

I hope each of you had a nice 'middle of the week' vacation yesterday! I'm not sure which one of you needs to get this, so I am sending it to each of you ☺~

Back on March 24, 2009, I filed a Notice of Consummation for a number of pro-forma assignment of license applications for the various Tribune company subsidiary licensees. I have attached a copy of that notice for your convenience. For some reason, the consummation notice did not get recorded for 5 of the receive-only earth stations...

If you look at the copy of the notice I have attached to this email, on Page 1 of the chart, the call signs I have circled and marked with a star need to have the consummation noted in the IBFS database so that the correct licensee name is on record. (For some reason, the two licenses on P. 2 were updated to reflect consummation, and the licensee names for them are okay in IBFS).

Would one of you be kind enough to update the database and let me know that it has been done?

If none of you handle this, can you please let me know who I should contact?

Many, many thanks.
