Form 312 – EARTH STATIONS ASSIGNMENT APPLICATIONS EXHIBIT
RESPONSE TO QUESTION #A20

FCC licensees Channel 7 of Detroit, Inc. and Tampa Bay Television, Inc. (“SHBC Subsidiaries”) are 100% owned by FCC licensee Scripps Howard Broadcasting Company (“SHBC”). The instant assignment applications of the SHBC Subsidiaries are part of a two-stage process.

First, the SHBC Subsidiaries will assign their earth station authorizations to SHBC, and then SHBC in turn will assign all its authorizations to a co-owned entity, Scripps Howard Publishing, Inc. (“SHPI”).

All the existing and proposed licensee companies are under the control of The E.W. Scripps Company (“Scripps”), which is the 100% owner of SHBC and SHPI). A diagram showing the corporate structure of the licensees before and after the first transaction (the assignment from the SHBC Subsidiaries to SHBC) is provided below.
