

**Broadpoint Wireless License Co., LLC**  
**FCC Form 312**  
**Notification of Consummation**

Pursuant to Sections 25.119(f) and 63.24(e) of the rules of the Federal Communications Commission (“FCC” or “Commission”) Broadpoint Wireless License Co., LLC (“Broadpoint” or “Assignee”) hereby notifies the FCC of the consummation of the transaction to which the Commission consented through the above referenced applications (“Applications”).<sup>1/</sup>

As the Applications described, PetroCom License Corporation (“Assignor”) assigned its satellite earth stations, VSATs, and Section 214 authorization (along with licenses covering wireless facilities for which a separate application was submitted and to which the FCC also consented) to Broadpoint as part of a transaction that closed on June 8, 2010. Because the FCC consented to the assignment of the affected authorizations the FCC is now asked to similarly process this notification of consummation so that those licenses may be re-issued in the Assignee’s name.
