Karl: I have confirmed that the ownership information in the 2005 transfer of control application remains unchanged to the present. I hope you will accept our suggestion that this matter should be handled on a pro forma basis. Thank you and let me know if you need anything further from us. Regards, Stefan

Stefan,

I am reviewing the Vision Technologies application for a pro forma assignment and wanted to confirm with you that the ownership of the current licensee is unchanged from the information provided in its 2005 transfer of control application, File No. SES-T/C-20050915-01264. I've attached a copy of the ownership exhibit from that application.

Thanks for your assistance.
