Re: **Correction to FCC IBFS Database to Reflect Correct Licensee Name
E980268; E980267; E980266; E980265 and E4250**

Dear Ms. Dortch:

? On April 28, 2014, Comcast of the South filed an application for notifying the FCC of a *pro forma* assignment of certain earth stations. The file number for that notification is **SES-ASG-20140428-00320**. The call signs associated with that application are E2613, E2172, E010208, E000125, E980268, E980267, E980266, E980265, E4250, WN91, E3204, WB45, E870514 and E3280.

On May 16, 2014, that application was withdrawn and replacement application was filed. The file number is **SES-ASG-20140516-00364**. On Public Notice Report No. SES-01649 dated May 22, 2014, both applications were listed as granted. The licensee name for the following call signs should not have been changed in the IBFS database because they were excluded from the application filed on May 16, 2014 - E980268; E980267; E980266; E980265 and E4250. Please correct the Commission records to reflect the correct licensee – **Comcast of the South**.

Should you have any questions or require additional information, please contact me at (202) 973-4373.

Sincerely,

Marlene Shoemaker
Paralegal
