**Subject:** Receive-Only Earth station, call sign E5932, Notice of Pro-Forma Assignment of License

**Importance:** High

Hi Jeannette and Eleanor:

On January 8, 2016, I filed a Form 312 to notify the FCC of the pro-forma assignment of license (and consummation of same) for receive-only earth station, call sign E5932, SES-ASG-INTR2016-00051. The licensee for this facility filed an application for pro-forma assignment of the license from WTVH License, INC. To WTVH License, LLC.

I don't know if your bureau has been made aware of this, but due to an incompatibility issue between the auction software and the CDBS electronic database, the FCC instructed us to 'assign' the FRN of the current license, which was WTVH License, INC. (FRN # 0006583298) to the new licensee, which is WTVH License LLC.

Accordingly, when I prepared the application, I used the FRN of what is now the 'new' licensee as applicant. The application appears to still be in a 'received' status, and I am writing to check the status of it and to make certain you do not need any additional information from us in order to process the notification.

I would be most grateful if one of you could let me know when we can expect for this notification to be processed.

Many thanks.

Laurie
