

## **PUBLIC INTEREST STATEMENT**

Anadarko Petroleum Corporation (“Anadarko”) and Genesis Offshore Holdings, LLC (“Genesis”) hereby seek the Commission’s consent to assign satellite earth station authorization E050335 (“License”) from Anadarko to Genesis.

Anadarko is among the largest independent oil and natural gas exploration and production companies in the world. Anadarko’s operations are focused in Texas and the southern United States, Rocky Mountain region, and Pennsylvania. These include operations at Independence Hub in the Gulf of Mexico. At this location, Anadarko employs the License to coordinate operations, promoting the safety of its employees.

Genesis is an affiliate of Genesis Energy, L.P., a growing company providing energy infrastructure and logistics services. Genesis also has interests in pipelines offshore in the Gulf of Mexico. That business includes over 2,500 miles of offshore crude oil and natural gas pipelines and six offshore hub platforms, including the Independence Hub in the Gulf of Mexico, that serve some of the most active drilling and development regions in the United States, including deepwater production fields in the Gulf of Mexico offshore of Texas, Louisiana, Mississippi, and Alabama.

Anadarko proposes to assign the License to Genesis such that Genesis will use the License for private, internal communications purposes. The proposed assignment will promote the public interest, convenience and necessity by supporting communication and promoting the safety of Genesis’ employees and contractors working at Independence Hub. Genesis’ qualifications to hold the License are evidenced by its current status as an FCC licensee.

This will confirm that no party to this application is subject to the denial of federal benefits pursuant to § 5301 of the Anti-Drug Abuse Act of 1988. 21 U.S.C. § 862.

Should the Commission have any questions or require additional information, it is requested to contact Wes Wright ([wright@khlaw.com](mailto:wright@khlaw.com), 202.434.4239) of Keller and Heckman LLP, 1001 G Street, N.W., Suite 500 West, Washington, D.C. 20001.
