

### **Licensee and Licenses Subject to Instant Application**

The instant application involves a *pro forma* assignment of the International Bureau Earth Station Authorizations E090004 (T/R), E140110 (T/R), E940115 (T/R), and E960414 (T).

The instant application involves a simple, routine *pro forma* assignment that will result when the current licensee, WPLG, LLC, is converted under Delaware law to a C corporation to become WPLG, Inc. at the end of the 2017 calendar year. No other changes will be made in the ownership chain above the licensee entity, and none of the officers or directors of the licensee will change. This change in legal identity of the licensee is a quintessential example of a *pro forma* transaction, and by this exhibit, the assignor and assignee hereby certify that this transaction qualifies for *pro forma* treatment under Section 25.119(i) of the Commission's Rules because this transaction, combined with all prior *pro forma* transactions, will not result in a change in the actual controlling party.

Prior to the transaction, the assignor-licensee WPLG, LLC, is a wholly owned subsidiary of BH Holding LLC, which is a wholly owned subsidiary of Berkshire Hathaway Credit Corporation, which is a wholly owned subsidiary of the ultimate parent company, Berkshire Hathaway Inc. Following the conversion of WPLG, LLC to WPLG, Inc., the assignee-licensee will be a wholly owned subsidiary of BH Holding LLC, which will still be a wholly owned subsidiary of Berkshire Hathaway Credit Corporation, which will still be a wholly owned subsidiary of the ultimate parent company, Berkshire Hathaway Inc.<sup>1</sup> Thus, at the end of the "transaction," the ultimate parent company, Berkshire Hathaway Inc. will retain ultimate control over the licensee of E090004, E140110, E940115, and E960414, and the two intermediate subsidiaries—BH Holding LLC and Berkshire Hathaway Credit Corporation—will retain their place in the ownership structure without change.

The qualifications for ultimate parent company Berkshire Hathaway Inc. were last approved by the Media Bureau on "long-form" by the FCC on June 27, 2014, in FCC File Number BTCCDT-20140417AAX. With respect to the instant conversion of the licensee from an LLC to a C corporation, a "short-form" assignment application has been filed with the Media Bureau for the Media Bureau licenses of WPLG, LLC (*see* File No. BALCDT-20171031ACH). The change in legal form of the licensee for all licenses held by WPLG, LLC, including the four earth station licenses that are the subject of the instant Form 312 application, will be effectuated at the same time at the end of 2017.

Since this application is in connection with an internal corporate restructuring and only consists of a change in legal form of the licensee entity, there are no formal written agreements by, between, or among any attributable entities nor between the existing licensee (WPLG, LLC) and future licensee (WPLG, Inc.).
