

Exhibit F

Both Multimedia Holdings Corporation (“MHC”) and WFMY Television, LLC (“WFMY”) are wholly-owned subsidiaries of TEGNA Inc. Pursuant to 47 CFR §25.119(j), MHC hereby notifies the FCC of the non-substantial, or *pro forma*, assignment of the receive-only C-band earth station registration E180888 to WFMY.

Broadcast television station WFMY, Greensboro, NC, uses Earth Station E180888 in its day to day operations. This assignment allows TEGNA to maintain WFMY’s broadcast and earth station licenses in the same licensee entity, which improves the station’s operational efficiency and thus maximizes the station’s ability to serve the public interest.

The effective date of this *pro forma* assignment is September 26, 2018.
