

Exhibit E

As explained in Exhibit F, the instant application is one of several concurrently filed applications seeking the consent of the Federal Communications Commission (“Commission”) to the *pro forma* assignments and transfers of control that will result from an internal corporate restructuring (“Restructuring”) being undertaken by the Walt Disney Company (“TWDC”). Under the new corporate structure, TWDC’s owned television stations (the “ABC Owned TV Stations”) will each be separated into its own distinct legal entity as an indirect, wholly-owned subsidiary of ABC, Inc. As set forth in more detail in Exhibit F and depicted in the attachments thereto, TWDC, through a series of intermediate entities, currently owns and controls the licensees of the ABC Owned TV Stations. This will continue to be the case after the Restructuring is effectuated. The transmit satellite earth station authorizations (“Earth Station Authorizations”) that are the subject of this Application are used in connection with the operation of the ABC Owned TV Stations. The Earth Station Authorizations will be used in the same manner and for the same purposes following the Restructuring as they were before the Restructuring. Accordingly, the public interest would be served by prompt consent to this application seeking consent to the *pro forma* transactions described herein. Organizational diagrams depicting the pre- and post-Reorganization control structure is included as part of Exhibit F.
