

### **Description**

Applicant proposes a pro forma assignment of the authorizations listed herein to LMG NOC, LLC. LMG NOC, LLC's ownership mirrors the ownership of the Live Mobile Group, LLC's holding company. Post-assignment, the ultimate interest holders in Live Mobile Group, LLC will retain their interest in the authorizations; however, their interest in LMG NOC, LLC will be direct unlike their interest in Live Mobile Group, LLC, which is held indirectly through an intermediate holding company. Live Mobile Group, LLC and a number of its other non-FCC regulated assets will remain within the current holding company structure. After consummation of the proposed pro forma assignment, LMG NOC, LLC will continue to use the earth stations in the same manner and for the same purposes as before the transaction. Accordingly, grant of this application would serve the public interest.

## **CERTIFICATION OF PRO FORMA ASSIGNMENT**

I, **Brad Sexton**, I am the CEO of Live Mobile Group LLC (“LMG”). I make this certification regarding LMG’s application for consent to assign 11 earth station authorizations filed with the Commission on January 4, 2021.

I hereby certify that: (i) the assignment in *pro forma* and that together with all previous *pro forma* transactions, it would not result in a change in the actual controlling party; and (ii) assignee, LMG NOC LLC, is controlled by and has the same ultimate interest holders as LMG.

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct. Executed on 1/4/2022.
