

FCC Form 312
Exhibit B
Response to Question 36

Inmarsat US Services Inc. (“Inmarsat US”) submits this response to Question 36 of FCC Form 312 out of an abundance of caution. In 2005, the Commission dismissed a Petition for Declaratory Ruling (the “Petition”) filed by Inmarsat Global Limited (“Inmarsat Global”), an affiliate of Inmarsat US, seeking United States market access to provide MSS in the 2 GHz band. Subsequent to Inmarsat Global’s filing, the Commission assigned all 2 GHz spectrum currently allocated for MSS in the United States to two other satellite operators, and thus dismissed Inmarsat Global’s Petition.¹ Inmarsat Global has sought reconsideration of both the Commission’s disposition of the 2 GHz band and the accompanying dismissal of its Petition.²
