

Verizon Communications Inc. (“Verizon”) notifies the FCC of the *pro forma* assignment of the common carrier earth station authorizations held by MCI Communications Services, Inc. as part of an internal restructuring involving certain direct and indirect subsidiaries of Verizon that occurred on June 30, 2020.

Exhibit E: Response to FCC Form 312, Question A20

Verizon is a publicly traded and widely held company, and no person or entity holds a direct or indirect 10 percent or greater ownership interest in Verizon. Verizon’s address is One Verizon Way, Basking Ridge, New Jersey 07920. Verizon’s principal business is the provision of communications services.

Exhibit F: Response to FCC Form 312, Question A21

Verizon effectuated an internal restructuring involving certain direct and indirect subsidiaries of Verizon on June 30, 2020.¹ The restructuring included the elimination of multiple companies in the Verizon ownership chain, as well as the conversion of certain companies from corporations to limited liability companies. These non-substantive internal ownership changes resulted in the *pro forma* assignment or transfer of control of various FCC licenses and authorizations within Verizon. Verizon, both before and after the restructuring, indirectly controlled such licenses and authorizations. Specifically, the following *pro forma* transactions took place on or about June 30, 2020:

1. The following intermediate holding companies were merged into their respective immediate parent companies, which ultimately merged into MCI International, Inc. (which, as noted below, has converted into a limited liability company):

MCI Broadband Solutions, Inc.
Terremark Worldwide, Inc.
MCI International Telecommunications Corporation
MCI International Services, Inc.

2. MCI Communications Corporation was merged into its immediate parent company, Verizon Business Global LLC.
3. Verizon Americas Finance 1 Inc. and GTE Wireless of the Midwest Incorporated were merged into Verizon Americas Inc. (which, as noted below, has converted into a limited liability company).
4. The following subsidiaries were converted from corporations to limited liability companies:

¹ Prior to closing, Verizon applied for and received consent to the *pro forma* assignment or transfer of control of non-common carrier radio licenses and experimental authorizations affected by the reorganization.

Verizon Business Network Services Inc.
MCI International, Inc.
MCI Communications Services, Inc.
Verizon Americas Inc.

5. Bell Atlantic Mobile Systems LLC changed its name to BAMS Communications LLC (“BAMS Communications”). BAMS Communications formed a new wholly-owned subsidiary named Bell Atlantic Mobile Systems LLC (“New BAMS”), then contributed its assets to New BAMS. Those assets include: (1) its FCC licenses, authorizations, and leases; and (2) any partnership interests held in other Verizon licensees, including its approximate 23.64 percent general partnership interest in Cellco Partnership.

Attached hereto are charts showing the ownership of the affected FCC licensees before and after the *pro forma* transactions described above. A list of the affected licensee subsidiaries also is set forth below.²

Because the internal restructuring did not change the ultimate control of any licensee or authorization – Verizon continues to control all of these licensees and authorizations post-closing – the transactions described above were *pro forma* in nature.³ The Commission has stated that, in situations “where no substantial change of control will result from the transfer or assignment, grant of the application is deemed presumptively in the public interest.”⁴

² The licensees and call signs referenced in these filings are intended to be complete and include all licensees and licenses affected by the internal reorganization. Verizon, however, requests that FCC acceptance of the *pro forma* transfer or assignment notifications include any licensees and call signs that may have been inadvertently omitted or are in pending status.

³ *Communications Bar Ass’n’s Petition for Forbearance from Section 310(d) of the Communications Act Regarding Non-Substantial Assignments of Wireless Licenses & Transfers of Control Involving Telecomms. Carriers*, Memorandum Opinion and Order, 13 FCC Rcd. 6293, 6299, ¶ 8 (1998) (concluding that a “corporate reorganization which involves no substantial change in the beneficial ownership of the corporation” is *pro forma* in nature).

⁴ *Id.* at 6295, ¶ 2. See also *1998 Biennial Review – Review of International Common Carrier Regulations*, Report and Order, 14 FCC Rcd 4909, ¶ 42 (1999) (finding that “[r]egulatory review of [*pro forma*] transactions yields no significant public interest benefits, but may delay or hinder transactions that could provide substantial financial, operational, or administrative benefits for carriers.”).

Licensees Affected by the Internal Restructuring

Wireless Licensees/Lessees
Airtouch Cellular Inc.
Bell Atlantic Mobile Systems LLC
Cellco Partnership
CommNet Cellular Inc.
GTE Mobilnet of Fort Wayne Limited Partnership
