

**APPLICATION FOR PRO FORMA ASSIGNMENT  
OF EARTH STATION AUTHORIZATIONS**

By this application, and pursuant to Section. 25.119(i) of the Commission's rules, 47 C.F.R. § 25.119(i), ITC Global USA, LLC, seeks Federal Communications Commission approval for a non-substantial (*pro forma*) assignment of the following earth station authorizations to its parent, ITC Global, Inc.:

<b>Call Sign</b>	<b>File Number</b>	<b>Grant Date</b>
E990070	<a href="#"><u>SES-MOD-20150211-00071</u></a>	April 8, 2015
E920640	<a href="#"><u>SES-RWL-20180520-00703</u></a>	October 10, 2018
E920639	<a href="#"><u>SES-MOD-20180819-02761</u></a>	November 5, 2018
E850127	<a href="#"><u>SES-MFS-20090612-00727</u></a>	July 28, 2009
E070239	<a href="#"><u>SES-MFS-20180829-02321</u></a>	May 28, 2019

ITC Global hereby certifies that the proposed assignment will not result in a change in the entity actually controlling the foregoing authorizations, nor will it require a waiver of, or a declaratory ruling pertaining to, any applicable Commission rule. Therefore, the assignment is a non-substantial, *pro forma* transaction per Section 25.119(i) of the Commission's rules. In addition, the remote-control point and points of contact for administrative, interference resolution, and related regulatory issues will not change.

Accordingly, the application should be deemed granted one business day after filing under the Commission's Rules. *See* 47 C.F.R. § 25.119(i).
