Use of Non-U.S. Licensed Satellites to Provide Service in the United States

Neither assignee ITC Global, Inc. nor licensee ITC Global USA, LLC (collectively “ITC Global”) plan to make any change in ITC Global’s use of non-U.S. licensed satellites to provide service in the United States as previously approved by the Commission. ITC Global further specifies that, pursuant to 47 C.F.R. § 25.137(a), the only non-U.S. licensed satellites that will be accessed by ITC Global’s earth stations are those included on the FCC’s Permitted Space Station List.
