Dear Ms. Dortch:

The Federal Aviation Administration (FAA) hereby supports the enclosed request by Arrowhead Global Solutions, Inc. for the Commission to update the entries in the IBFS for the C-band transmit/receive earth stations listed in Enclosure A hereto to reflect that these earth stations are operated by the FAA. The listed earth stations support the Alaska National Airspace Inter-facility Communications Systems, and require the same protection referenced in the Commission's letter, released June 15, 2006 regarding other earth station authorizations held by the FAA.

If you have any questions regarding this issue, please do not hesitate to contact me at 202-267-7531.

Sincerely,

Oscar Alvarez
