Re: Notice of Ex Parte Presentation
Proceedings Listed on Attached Page

ORIGINAL

Dear Ms. Dortch:

On November 19, 2007, Diane Cornell, Vice President, Government Affairs, Inmarsat, and John Janka, representing Inmarsat, met with International Bureau staff including Helen Domenici, Chief of the International Bureau, Roderick Porter, Deputy Bureau Chief and Gardner Foster, Legal Advisor.

The Inmarsat representatives discussed the importance and urgency of approving the pending Horizon and iPass BGAN STA applications to communicate with Inmarsat's mobile satellite network. They emphasized that these applications have been fully briefed, and raise no novel issues that differ from other applicants whose STAs have been approved, and noted the intended important uses for the service by Horizon and iPass, as described in previous filings. They reiterated the points made by the applicants in their filings about the public interest benefits that approval of the applications would have for public safety, critical infrastructure, military, media and other users of the proposed services.

Sincerely yours,

/s/

Diane Cornell
