(Call Sign E140100)

Dear Ms. Dortch:

On September 24, 2014, DISH Operating L.L.C. (“DISH”) filed the above-referenced application for a blanket earth station license to communicate with Ciel-6i, a Canadian-licensed 17/24 GHz BSS payload located at the 103° W.L. orbital location. Please be advised that DIRECTV Enterprises, LLC (“DIRECTV”), which provides direct-to-home video service from the same nominal location, wishes to participate in any Commission proceeding regarding the disposition of this application. Accordingly, please accept this “written submission referencing and regarding such pending filing,” 47 C.F.R. § 1.1202(d)(1), and enroll DIRECTV as a party for purposes of the Commission’s *ex parte* rules, 47 C.F.R. §§ 1.1200 *et seq.* Please direct any questions regarding this notification to me.

We trust that no *ex parte* presentations or other communications will be allowed in this restricted proceeding unless the undersigned, on behalf of DIRECTV, receives advance notice and an opportunity to be present. 47 C.F.R. § 1.1208.

Respectfully submitted,

/s/
