Dear Paul

In response to your letter of April 7<sup>th</sup>, 2015 concerning USN's application file No: SES-LFS-20141015-00799 Call Sign: E140105. USN would like to provide you the requested information attached.

Item #2 - The space station antenna gain contour diagram(s) for the transmit beam for the PROBA-V satellite plotted on an area map. Please find attachment titled: "USN Proba-V antenna pattern information"

Item #3 - An orbital debris analysis including the end-of-life disposal plan for the PROBA-V satellite given that the satellite is not on the Permitted List. Please find attachment titled: "PROBA-V\_Mission\_DeOrbit-Analysis"

Item #4 - A copy of the ITU filing or the file name under which the PROBA-V satellite was filed with the ITU. Please find three (3) ITU registration documents.

We respectfully ask what documentation from what authority is needed to answer item #1? We also request additional time beyond April 20<sup>th</sup> to provide this information. We are requesting an extension to answer #1 to April 30<sup>th</sup> or 2 weeks after we receive your response on what you are seeking for item #1.

Regards

*Joanne*
