Dear Ms. Salas:

On behalf of Emmis Television License Corporation, we hereby notify the Commission that the above-referenced temporary-fixed satellite earth station based in New Orleans, Louisiana, has been constructed as authorized and became operational as of June 22, 2001. (The FCC issued the station license on June 19, 2001 for a term expiring June 19, 2011.)

The licensee has authorized us to certify on its behalf that each antenna facility has been tested and is within 2 dB of the pattern specified in Section 25.209 and that the facility will remain operational during the license period unless the license is submitted for cancellation.

If additional information is required, please direct inquiries and correspondence to the undersigned.
