Dear Sirs:

RE: E020038 & E020036

Please accept this as formal notification that our contract with the US Navy to monitor their satellite data will expire on July 31, 2005. The licenses for the two antennas in Patuxent River, MD and Arlington TX will revert to the control of the US Navy.

We have advised Marshall Communications, our Prime Contractor on Contract N004721-02-D-3114 of this, and that Pax River uplink will be doing their own uplinking to their earth station in Arlington Texas as of August 1<sup>st</sup>. Please contact Marshall or the Navy should you have any questions or need additional information.

Very truly yours,

Barbara Lamont, President
