Re: AvL Technologies; Supplement  
to File No. SES-LIC-20030602-00727

### ***EXPEDITED PROCESSING REQUESTED***

Dear Ms. Dortch:

AvL Technologies ("AvL"), by its undersigned counsel, respectfully submits the following supplement to its above-referenced pending application for earth station authorization.

AvL hereby requests that the following antennas be removed from the above-referenced application: AvL TF 750 (.75m), AvL TF 960 (.96m), and AvL TF 1000 (1m). All antennas listed in the above-referenced application are now larger than 1.2m in diameter, and comply with Section 25.209 of the Commission's Rules, 47 C.F.R. § 25.209 (2002), regarding 2 degree spacing.

AvL hereby withdraws its Letter to the FCC regarding this application, dated July 30, 2003. See Letter of James L. Oliver, President of AvL Technologies, to Sylvia Lam, Engineer, FCC, dated July 30, 2003. As stated in the original application, AvL requests ALSAT authority for the remaining antennas in the above-referenced application.

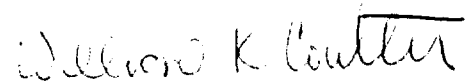

Further, please replace the name of the Contact Representative contained in Sections 9-16 of the FCC Form 312 for the above-referenced application with the following:

William K. Coulter  
Coudert Brothers LLP  
1627 I Street, NW, Suite 1200  
Washington, D.C. 20006  
Tel. (202) 775-5100  
Fax (202) 775-1168  
Email: coulterw@coudert.com  
Title & Relationship: Counsel to AvL

Because AvL no longer requests a waiver of Section 25.209 of the Commission's Rules, and there is no issue of interference raised by Panamsat in its Petition to Deny with the remaining antennas, AvL respectfully requests an expedited grant of the above-referenced pending 312 earth station application.<sup>1</sup>

Kindly direct any questions regarding this filing to the undersigned.

Best regards,

William K. Coulter  
Counsel to AvL Technologies

cc: Doug Ward, FCC  
Bill Howden, FCC  
Frank Peace, FCC  
Joseph A. Godles, Counsel to Panamsat

---

<sup>1</sup> AvL has advised Panamsat's counsel of this filing.
