Mr. Peace and Ms. Lott:

This is to confirm our telephone conversation earlier this morning with regard to the application for the Ft. Monmouth, N.J. earth station license referenced above.

Please add the satellite Intelsat 706 at 307 deg. East Longitude (53 deg. West) to the points of communication for this earth station.

Please let me know if anything additional is desired.

Thanks,

/s/ David R. Siddall
