Ms. Bryant:

In light of the satellite arc change to 70W, please amend the application as follows:

- 1) East Elevation angle is 55.2 degrees
- 2) East Azimuth angle is 158.3 degrees
- 3) West Elevation angle is 36.0 degrees
- 4) West Azimuth angle is 240.2 degrees
- 5) Emission designator is 160KG2W
- 6) Maximum input power is 10 watts

Please let me know if you need further information in order to process the application.

Respectfully,

David O'Connor  
Counsel for Harris Corporation

OK that makes a big difference. I am going to fax you another autogrant sheet. I have corrected that. I need you to send me another email with that change, along with the emission designator change and the power 10 and the new coordination calculations that I'm going to fax you.

Tnx. T.

Did you mean on the application under the coordinates for the SatArc to be 70E or 70W?

T

Ms. Bryant:

In response to your fax concerning the earth station license application for Harris Corporation (FCC File No. SES-LIC-20031002-01360, Call Sign E030217), please note the following changes to the application:

- 1) East Elevation angle is 55.2 degrees
- 2) East Azimuth angle is 201.7 degrees
- 3) West Elevation angle is -60.0 degrees
- 4) West Azimuth angle is 218.7 degrees
- 5) Emission designator is 160KG2W
- 6) Maximum input power is 10 watts

If you need further information concerning this application, please do not hesitate to contact me.

Respectfully,

David O'Connor  
Counsel for Harris Corporation
