**Re: Certificate of Completion
Domestic Fixed Satellite Earth Station E040310
File No. SES-LIC-20040720-01013**

Attention: Satellite Division, International Bureau

Dear Ms. Dortch:

Submitted herewith in duplicate is a certificate stating that Equity Broadcasting Corporation has completed construction of the facilities authorized under the above-referenced file number for Domestic Fixed Satellite Earth Station E040310.

No filing fee is required for the submission of this certificate.

If there are any questions about this matter, please contact the undersigned.

Very truly yours,

Peter Tannenwald

Re: Earth Station E040310
Notification of Completion of Construction
SES-LIC-20040720-01013
Grant Date: October 20, 2004

Dear Ms. Dortch:

Pursuant to Section 25.133(b) of the Commission's Rules and Regulations, Equity Broadcasting Corporation hereby advises the Commission that construction of the facilities authorized under the above-referenced construction permit and license has been completed. The antenna has been tested and is within 2 dB of the pattern specified in Section 25.209 of the Commission's Rules and Regulations.

The VSAT earth station system was placed in service on November 15, 2004, well before the required commencement date of October 20, 2005. It has and will remain operational during the license period unless the license is submitted to the Commission for cancellation.

Sincerely,

Jason S. Roberts
