Subject: emission designators

September 14, 2004

SES-LIC-20040824-01208 E040345

Dear Ms. Hindin,

We received your application for a new Ku-band transmit and receive for TT&C, has emission designators that need to be addressed. Please review in the C.F.R. Section 2.201 with regard to emission designators. The "X" does not stand for anything, therefore we can not accept it as part of the emission designator. (200KGXD,16K0FXD,1M00FXD, 1M00GXD)

Because, of the incorrect emission designators, we can not place your application on public notice as accepted for filing. We suggest that you file an amendment to make these corrections.

Failure to file the amendment by September 30, 2004, will result in the dismissal of your application pursuant to Section 25.112(c) of the Commission's rules. 47 C.F.R. Section 25.112(c).

Thanks you for your cooperation,

Jeanette Spriggs
