Dear Towanda,  
As we discussed, the correct emission designator for Sirius Satellite Radio  
Inc.'s application for a Ku-band earth station (call sign E040363; File No. SES-  
LIC-20040907-01337) should be 8M00G7E. The emission designator in the  
application contained a typographical error and was incorrectly listed as  
8M0G7E. Please let me know if you have any further questions. Thank you. -  
Jennifer
