Towanda,

Re: Peak Uplink, Inc.  
Transportable ES  
E040442  
SES-LIC-20041119-01713

The numbers for the Max EIRP/Carrier and The Max EIRP Density/Carrier for the 51K2G7W emission designator at 6 GHz were listed incorrectly in the original application. The numbers we switched, here is how it should have read.

51K2G7W

Max EIRP/Carrier 40.5  
Max EIRP Density/Carrier 29.4

Thank you and have a Happy Holiday.

Tim
