Re: **Certification of Completion of Construction**
Fixed Ku-Band Satellite Earth Station E040447, Birmingham, AL
FCC File No. SES-LIC-20041201-01767

Dear Ms. Dortch:

On behalf of Alabama Educational Television Commission (“AETC”), we transmit herewith, in triplicate, a certification that the above-referenced earth station has been constructed and is operating in accordance with the technical parameters of its authorization. This information is required by Section 25.133 of the FCC Rules. Please note that AETC previously submitted a copy of the attached certification by letter dated December 21, 2005 via mail. Out of an abundance of caution, however, we are submitting this additional copy by hand-delivery to the FCC.

Should any questions arise concerning this matter, kindly contact this office.

Very truly yours,

Kristi Thompson
