Dear Mr. Wiltshire,

We received your applications filed on April 5, 2005, for two Ka-band transmit/receive earth stations. During our review of your applications, we notice that to the question on FCC Form 312 item # 29 (Is the applicant a foreign government or the representative of any foreign government?), you answered N/A. This is an unacceptable answer. You can only answer either Yes or No to question # 29 on this form.

Please email the correct answer to question # 29, so that we can continue processing your applications.

Thanks.

Jeanette Spriggs
