Mr. Browne:

To meet routine processing some of the parameters in your application for Scripps Howard Broadcasting Company (E950022) have been adjusted slightly from those specified in your application. They are: Emission 36MOF8W EIRP(dBW) item 48 from 77.13 to 76.40

Emission 36MOF3F EIRP (dBW) item 48 from 76.40 to 75.67 each reduced by .73 dB.

Also, item E38 Total Input Power at antenna flange
 (Watts) from 427.0 to 501.2.

If you accept these changes, please e-mail me back that you are accepting these changes in your application for Scripps Howard Broadcasting Company (E950022).

Thank you.
