Re: File No. SES-LIC-20050621-00799; Call Sign E050181

Dear Ms Dortch:

EchoStar Satellite Operating Corporation ("EchoStar") hereby requests that the Commission remove the ANIK F3 satellite at 118.7° W.L and the AMC-16 satellite at 118.75° as points of communication in the above captioned EchoStar application for authority to operate a new Ku-band earth station. Thus, ALSAT would be the only remaining point of communication requested by EchoStar in the application. Please feel free to contact me, if you have any questions regarding this request.

Sincerely,

Brendan Kasper
