[Hi Trang,](#)

[TDMA and thank you.](#)

[Is there any chance the application will go on Public notice this week?](#)

Subject: Your application for a new license for remote facility in the US

Hi Ms.Kulig, pursuant to 47 C.F.R. Section 25.134(g), I need to know which transmission technique will the VSAT network be using, i.e. TDMA, or FDMA, or CDMA, for purpose of calculating the maximum transmitter power spectral density of a digital modulated carrier into any earth station antenna.

Thanks.
